Information for the Temporary Licensee

- 1. This license authorizes <u>practice in Texas</u> only, and the holder of it must be supervised by a licensee of this Board.
- 2. The supervisor must be a PT with a permanent, unexpired Texas license.
- 3. A person with a temporary license must have <u>on-site supervision</u> when providing physical therapy services. If the PT who signs the Supervisor Affidavit form is not available for a period of time, another PT may supervise the temporary licensee until the official supervisor returns. If the person who signed the Supervisor Affidavit leaves the facility permanently, a new Supervisor Affidavit must be filed with the Board.
- 3. <u>Documentation written by the temporary licensee does not require a co-signature.</u>
- 4. If the temporary licensee is a PTA, the name of the PT actually supervising must be in each treatment note, just as it is for a PTA with a permanent license.
- 5. <u>The temporary licensee may use the professional designation of PT or PTA</u> with their signature, as appropriate.
- 6. The temporary licensee may provide the services which are authorized for a PT or PTA with a permanent license, within the limits of their education and experience. However, the supervising PT is responsible for determining that the temporary licensee is qualified to provide those services safely.
- 7. The temporary licensee may provide physical therapy services upon <u>online verification of licensure</u> prior to receiving the paper license from the Board.
